

Overview of the national cannabis laws on use or possession of small amounts for personal use in the European Union (on August 1, 2012)

* In Romania, cannabis use is prohibited but there is no punishment set out for it.

N.B.: This map offers an overview of the penalties set out for cannabis use or possession of small quantities of cannabis for personal use (with various national thresholds), when the offence is committed in public, for the first time (no repeat offending) and without any aggravating circumstances.
